

HOME FROM HOME: A STUDENT'S PERSPECTIVE

Liverpool Hope attracts a range of students from across the UK and beyond.

Henry is a final year Psychology student who made the move from the Isle of Man to study at Liverpool Hope.

Here he shares his story:

FROM THE ISLE OF MAN TO LIVERPOOL HOPE

WHAT ATTRACTED YOU TO LIVERPOOL HOPE?

The fact that the course involved what I wanted to study. For example, it contained

Forensic Psychology, which I find fascinating.

DID YOU STAY IN HALLS OF RESIDENCE AND HOW DID YOU FIND IT?

I lived in St Etheldreda Halls at the Hope Park Campus. I loved it there, as there was a common room that we all used to go into and watch films and hang out.

HOW WAS YOUR EXPERIENCE OF SETTLING INTO LIFE AT HOPE?

Relatively straight forward, as I feel as if I've adapted over time. Making my room feel comforting, as well as making friends really helped..

WHAT DO YOU ENJOY MOST ABOUT CAMPUS LIFE?

All of my friends living in the same place. It meant everyone was around all the time, which is a nice feeling.

WHAT ADVICE WOULD YOU GIVE TO NEW STUDENTS?

- Try and make some friends.
- Make your living space so it's comforting to you.
- Don't be nervous as you'll settle in fine.

LIFE IN LIVERPOOL

HOW DIFFERENT IS LIVERPOOL TO HOME?

It's a lot busier. However, I've found that I've adapted to this over time.

ARE THERE ANY SIMILARITIES WITH THE ISLE OF MAN?

They both aren't too big, everything you need is usually very close.

WHAT DO YOU ENJOY MOST ABOUT LIVERPOOL?

Exploring the centre, especially the shopping area Liverpool One!

IF YOU COULD RECOMMEND ONE HOTSPOT IN THE CITY, WHAT WOULD IT BE?

The nightlife area Concert Square. The club Elektrik Warehouse is my personal favourite!

HOW HAVE YOU SETTLED INTO LIVING IN LIVERPOOL?

Brilliantly, as I got myself stuck in with everything university had to offer, which helped me personally.

WHAT ADVICE WOULD YOU GIVE A STUDENT MOVING FROM THE ISLE OF MAN?

Just enjoy it. It may seem scary, but once you've done it, you'll absolutely love it.
